SUBJECT:

Five-Year Career Plan for []

[] 25X1A

25X1A

1. I nominate [] to attend the Midcareer Executive Development Course No. 7 to be held from 12 September through 22 October 1965. [] is a GS-14 and currently heads the Signal Measurements Staff effort in S&D/OEL.

2. [] has had considerable experience in technical intelligence and is a graduate electrical engineer. After participation in the Midcareer Course, we anticipate [] continuing in his present assignment for a short period of time, followed by a somewhat different assignment where his personal technical and managerial capability would be further developed. As an alternate, we will anticipate assignment of significant responsibility in the Airborne Systems Division. Following this assignment, we plan to assign [] to the OEL staff for major liaison responsibilities for this office, or to our Intercept Operations organization.
